

Timișoara City Tours

Dear guest,

Timișoara, the city of flowers, city of parks, city of roses, martyr city, Little Vienna, lies in the Western part of Romania and boasts its importance in terms of economical development, cultural challenges and cosmopolitanism. But above all, Timișoara is not only a city, but a state of mind. So forget all about those dull city tours and give yourself a treat with Timișoara and its contrasts in the company of the girl with the red umbrella.

Find the answers to your questions with:

The Quick-Step – A 2-hour walking tour within the old city walls, pointing out the main historical events and architectural styles dominating Timișoara's three main squares: Victory, Liberty and Union Squares. Recommended if you're really in a hurry.

The Quick-Step, but... better! – To the Quick-Step we add yet another historical district (an extra hour) – a real Art Nouveau gem, we visit the place where the anti-communist revolution started back in 1989 and we end by the old wall of the fortress. This one's a MUST.

The Big Bite – 8 hours of historical facts, local myths, a visit to one of the most trendy museums in town, architectural trends, a stop to eat typical Banat food, and one for traditional souvenir shop-

ping to the delight of your beloved ones waiting at home. We end in the area of "firsts" where you can treat yourself to a mug of beer at the oldest brewery in Romania, Timișoreana (1718). Best option, if you ask me!

Lego – the tailor-made tour, suited to your special needs and interests. You may include a wine tasting, adventure sports, traditional meals, museums, opera, the Roma palaces...
